# PCMH

Patient Centered Medical Home:

## Expect More

### **AS WE BUILD A PCMH FOR YOUR CHILD, YOU MAY NOTICE THAT:**

---

- we ask you what your goal is or what you want to do to improve your child's health
- we ask you to help us plan your child's care and to let us know if you think you can follow the plan
- the care team members are doing more and/or different parts of your child's care
- we remind you when tests are due so that your child receives the best quality care
- we ask you to have blood tests done before your child's visit so the doctor has the results at that visit
- we may offer you and your child a chance to join in a special type of doctor's visit called a "group visit"
